Re: Courses for Women offered by
Barbara Moreno Troche, Adonai Productions

To Whom It May Concern:

I had the blessing of being able to participate from all courses for women offered by Barbara Moreno Troche. Through these courses (Wise and Successful Woman – Level 1, Virtuous and Successful Woman – Level 2, Transformed and Successful Woman – Level 3, and Mother: There's Only One), I've been able to feel and witness the spirituality, love, and wonderful organization in which this Ministry, managed by Barbara, prepares each and every unique detail for each course. Even though each course is sequential, each can be recognized for its unique details. I have witnessed how so many details that we as woman love so much are prepared to facilitate a relaxed atmosphere, free of distractions, so that each participant may be able to focus on each course's teachings and feel free of worries.

It is very interesting to be able to experience a closed and intimate communication with God through the listening of these personalized teachings (with my own name recorded in them) that were given to me as part of the course: God speaking His Word directly to me, the woman, His creation. There is so much to learn from these teachings! I deeply treasure all three (3) CDs included in each course; and each time I listen to them, the Lord always has something new for me. Each and every time, I receive new knowledge and wisdom; in other words, each time I listen to one of the audio CDs again, I learn something new. God has something new for me every single time.

It has been a wonderful experience being able to share with other people through these courses for women, the finding of our goals, our mission as God's daughters in this world where there is so much need, and also to share how the Lord able us to reach our goals if we really surrender everything to Him.

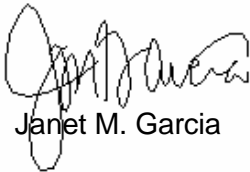

Now, I am even more alert and conscious about my responsibilities as a Christian. My work and everything I do in my life are performed while practicing Jesus' teachings. Being able to participate from these courses for women and to listen once more about the abundant blessings the Lord has for me through His Love, have filled the emptiness I felt with the loss of my husband last year, leaving me with a 14 years old son, to whom I have to guide through the right path. The Lord fills this emptiness; and with the courses, I have also found new friends in the Lord, a community full of wonderful women that are also eager to grow spiritually, and with whom I can count on when I need a prayer.

God bless Adonai Ministry and Barbara for her faithfulness to the Lords' teachings and for practicing a true evangelization of God's people and for teaching us that we are also being called to evangelize through our testimony of life to others, starting in our own home; and, as Barbara well said: "This world would be so different if we all did the same: if we start, at our own home, to live the Gospel and the teachings that Jesus left for us." Our children would be different; and they, at the same time, would be the future evangelists with their own testimony of life.

I am a witness of the changes that occur in each woman who participate from these courses. It is very vivifying and fortifying being able to see how each woman has grown spiritually, how their lives are being transformed by the Word of God while they keep studying it in each course. After participating of all courses, you are left with a great desire to serve in your community, in your parish and/or through charity work. It would be wonderful if these courses could be brought to each and every parish.

I totally recommend these courses for women. United Christians = Soldiers of the Lord.

Sincerely,
